The GPS device must be returned before 11 February 2023, before 17:00 hr.

The GPS device return place: Gulbenes Cultural centre, O.Kalpaka street 60.

11.3.1. Principles of Security and Tracking

Security and tracking devices are connected to a monitoring centre that stores all data received. All data are stored also on the same device. The device has a self-contained power supply that operates throughout the Rally.

The device has "SOS" and "OK" buttons.

Each device has a unique serial number that is assigned to each crew. During the reconnaissance and even the Rally HQ will monitor the position and speed dating of each crew.

11.3.2. „SOS" and "OK" signaling principles

By pressing „SOS" button a crew reports about an accident and requests an immediate assistance. In this case, it is obliged to inform the Rally HQ, call the telephone number indicated on the label.

By pressing "OK" button the crew informs of the stop for more than 30 seconds if there has been an accident or technical problems during the SS but that immediate assistance is not required (even if a crew is trying to continue the Rally).

Attention! In case of stopping at SS, the device sends automatic a "SOS" signal and the crew within 30 seconds must press "OK" button to remove the "SOS" signal sent by the system. A mobile phone of the crew must be switched on (or turned on in 60 seconds) so the Rally security and monitoring center can reach the crew.

Irregularities in the wrong "SOS" and "OK" signal transmission will be punished.

11.4. Marking

Marking of gearboxes, engine's blocks, differentials and turbocharger will be done during the Scrutineering of race cars.
